

BLUE REVIEWSM

A newsletter for physician, professional, facility, ancillary and Medicaid providers

In Every Issue

The following is information that BCBSTX is required to provide in all published correspondence with physicians, professional providers, and facility and ancillary providers. For the latest updates, visit the [News and Updates area](#) of the BCBSTX provider website.

HMO Plans – Importance of Obtaining a Referral and/or Preauthorization and Admitting to a Participating Facility as a Network Provider

HMO Blue TexasSM, Blue Advantage HMOSM and Blue PremierSM members require a referral from their PCP before receiving services from a specialty care physician or professional provider (except for OBGYNs). The referral must be initiated by the member's PCP, and must be made to a participating physician or professional provider in the same provider network.

If an in-network physician, professional provider, ambulatory surgery center, hospital or other facility is not available in the member's applicable provider network, **preauthorization is required** for services by an out-of-network physician, professional provider, ambulatory surgery center, hospital or other facility, through iExchange or call the preauthorization number 1-855-462-1785.

Reminders:

- The **HMO Blue Texas, Blue Advantage HMO and Blue Premier** physician, professional provider, facility or ancillary provider is required to admit the patient to a participating facility, except in emergencies.
- **Additional services may also require preauthorization.** A complete list of services that require preauthorization for **HMO Blue Texas** and **Blue Advantage HMO**, and for **Blue Premier** and **Blue Premier AccessSM**, is available on the BCBSTX Provider website. Under the 'Standards and Requirements' tab, click on [General Reimbursements](#) (password is 'manual') and scroll down to the "Preauthorization/Notification/Referral Requirements Lists".

Blue Advantage PlusSM HMO Point of Service (POS) is a benefit plan that allows those members to use out-of-network providers. However, it is essential that those members understand the financial impact of receiving services from an out-of-network physician, professional provider, ambulatory surgery center, hospital or other facility. Prior to referring a Blue Advantage Plus enrollee to an out of network provider for non-emergency services, please refer to Section D Referral Notification Program, of the **HMO Blue Texas, Blue Advantage HMO and Blue Premier Provider Manual** for more detail including when to utilize the [Out-of-Network Enrollee Notification Form](#).

Importance of Obtaining Preauthorization for Initial Stay and Add-on Days

Preauthorization is required for certain types of care and services. Although BCBSTX participating physicians and professional providers are required to obtain the preauthorization, it is the responsibility of the insured person to confirm that their physician or professional provider obtains preauthorization for services requiring preauthorization. Preauthorization must be obtained for any initial stay in a facility and any additional days or services added on.

If an insured person does not obtain preauthorization for initial facility care or services, or additional days or services added on, the benefit for covered expenses may be reduced.

Preauthorization does not guarantee payment. All payments are subject to determination of the insured person's eligibility, payment of required deductibles, copayments and coinsurance amounts, eligibility of charges as covered expenses, application of the exclusions and limitations, and other provisions of the policy at the time services are rendered.

Implantable Device Versus Medical Supply/Material

We have received a number of questions from providers about billing for implants. To help address the topic, we have provided a reminder about the National Uniform Billing Committee definition of an implant.

National Uniform Billing Committee (NUBC) definition of an implant:

- Revenue Code 274 – Prosthetic/orthotic devices
- Revenue Code 275 – Pacemaker
- Revenue Code 278 – Other Implants

An implantable device is that which is implanted, such as a piece of tissue, a tooth, a pellet of medicine, or a tube or needle containing radioactive substance, a graft or an insert. Also included are liquid and solid plastic materials used to augment tissues or to fill in areas traumatically or surgically removed. Also included is an object or material partially or totally inserted or grafted into the body for prosthetic, therapeutic or diagnostic purposes.

Examples of other implants reported under revenue code 278 include stents, artificial joints, shunts, grafts, pins, plates, screws, anchors and radioactive seeds (not an all-inclusive list).

Supplies that are not implantable should be submitted as supply charges. In conjunction, a device is not a “material or supply furnished incident to a service.” Items used as routine supplies should not be submitted as an implant.

Guide wires, catheters and clips that are used during surgery but do not remain in the body are used the same way as an instrument and are not “implanted” should not be submitted as an implant.

Additional reference and definition of implantable devices, supplies and material can be located in the UB04 Editor and the website of the implantable device's manufacturer.

Enrollee Notification Form Required for Out-of-network Care for Blue Choice PPOSM and Blue Advantage HMOSM (for Blue Advantage Plus)

Effective Jan. 1, [an out-of-network care form](#) is required to be completed by the referring network physician for enrollees of **Blue Choice PPOSM** and **Blue Advantage HMOSM (for Blue Advantage Plus point-of-service benefit plan only)**, prior to referring or directing an enrollee to an out-of-network physician, professional provider, hospital, ambulatory surgery center or other facility, for non-emergency services, if such services are available through an in-network provider.

It is essential that **Blue Choice PPO and Blue Advantage Plus** enrollees fully understand the financial impact of an out-of-network referral to a physician, professional provider, hospital, ambulatory surgery center or other facility that does not participate in their BCBSTX provider network. Blue Choice PPO and Blue Advantage Plus enrollees have out-of-network benefits and may choose to use out-of-network providers, however they will be responsible for an increased cost-share under their out-of-network benefits.

Prior to referring or directing a **Blue Choice PPO or Blue Advantage Plus** enrollee to an out-of-network provider for non-emergency services, referring network physicians must complete this form if such services are also available through an in-network provider. The referring network physician must provide a copy of the completed form to the enrollee and retain a copy in his or her medical record files.

Use of this form is subject to periodic audit to determine compliance with this administrative requirement outlined in the provider manuals.

Hospitals, and Routine Services and Supplies

Routine services and supplies are generally already included by the provider in charges related to other procedures or services. As such, these items are considered non-billable for separate reimbursement. The following guidelines may assist hospital personnel in identifying items, supplies, and services that are not separately billable. This is not an all-inclusive list.

- Any supplies, items and services that are necessary or otherwise integral to the provision of a specific service and/or the delivery of services in a specific location are considered routine services and not separately billable in the inpatient and outpatient environments.
- All items and supplies that may be purchased over-the-counter are not separately billable.
- All reusable items, supplies and equipment that are provided to all patients during an inpatient or outpatient admission are not separately billable.
- All reusable items, supplies and equipment that are provided to all patients admitted to a given treatment area or units are not separately billable.
- All reusable items, supplies and equipment that are provided to all patients receiving the same service are not separately billable.

Blue Choice PPOSM Subscribers/Blue Advantage HMOSM Member Rights and Responsibilities

As a provider for BCBSTX, you are obligated to be aware of subscribers'/members' rights and informed of subscribers' responsibilities. Our health plan subscribers/members may refer to their benefit booklet for a listing of their rights and responsibilities, which are also included below; you can also access these documents on our website at bcbstx.com.

Rights	Responsibilities
Subscriber(s)/Member(s)	Subscriber(s)/Member(s)
You have the right to:	You have the responsibility to:
<ul style="list-style-type: none">• Receive information about the organization, its services, its practitioners and providers and subscribers' rights and responsibilities.• Make recommendations regarding the organization's subscribers' rights and responsibilities policy.	<ul style="list-style-type: none">• Provide, to the extent possible, information that your health benefit plan and practitioner/provider need, in order to provide care.
<ul style="list-style-type: none">• Participate with practitioners in making decisions about your health care.	<ul style="list-style-type: none">• Follow the plans and instructions for care you have agreed to with your practitioner.
<ul style="list-style-type: none">• Be treated with respect and recognition of your dignity and your right to privacy.• A candid discussion of appropriate or medically necessary treatment options for your condition, regardless of cost or benefit coverage.• Voice complaints or appeals about the organization or the care it provides.	<ul style="list-style-type: none">• Understand your health problems and participate in the development of mutually agreed upon treatment goals, to the degree possible.

HMO Blue Texas Member Rights and Responsibilities

Member Rights – You Have the Right to:

- Receive information about the organization, its services, its practitioners and providers and members' rights and responsibilities.
- Make recommendations regarding the organization's members' rights and responsibilities policy.
- Participate with practitioners in making decisions about your health care.
- Be treated with respect and recognition of your dignity and your right to privacy.
- A candid discussion of appropriate or medically necessary treatment options for your condition, regardless of cost or benefit coverage.
- Voice complaints or appeals about the organization or the care it provides.

Member Rights – You Have the Responsibility to:

- Meet all eligibility requirements of your employer and the Health Maintenance Organization (HMO).
- Identify yourself as an HMO member by presenting your ID card and pay the copayment at the time of service for network benefits.
- Establish a physician/patient relationship with your primary care physician (PCP) and seek your PCP's medical advice/referral for network services prior to receiving medical care, unless it is an emergency situation or services are performed by your HMO participating OBGyn.
- Provide, to the extent possible, information that the HMO and practitioner/providers need, in order to care for you. Including changes in your family status, address and phone numbers within 31 days of the change.
- Understand the medications you are taking and receive proper instructions on how to take them.
- Notify your primary care physician or HMO plan within 48 hours or as soon as reasonably possible after receiving emergency care services.
- Communicate complete and accurate medical information to health care providers.
- Call in advance to schedule appointments with your network provider and notify them prior to canceling or rescheduling appointments.
- Read your coverage documents for information about benefits, limitations, and exclusions.
- Ask questions and follow instructions and guidelines given by your provider to achieve and maintain good health.

Understand your health problems and participate to the degree possible in the development of treatment goals mutually agreed upon between you and your provider.

Fee Schedule Updates

Reimbursement changes and updates for Blue Choice PPO, HMO Blue Texas (Independent Provider Network only), Blue Advantage HMO and Blue Premier practitioners will be posted under Standards and Requirements / General Reimbursement Information / Reimbursement Schedules and Related Information / Professional Schedules section on the BCBSTX provider website at bcbstx.com/provider.

The changes will not become effective until at least 90 days from the posting date. The specific effective date will be noted for each change that is posted. To view this information, visit the [General Reimbursement Information](#) section on the BCBSTX provider website. The CPT/HCPCS Fee Schedule will be updated quarterly on March 1, June 1, Sept. 1 and Dec. 1 each year. The NDC Fee Schedule will be updated monthly.

After-hours Access Is Required

BCBSTX requires that primary care physicians, specialty care physicians, professional providers, and facility and ancillary providers provide urgent care, and emergency care or coverage for care 24 hours a day, seven days a week. Providers must have a verifiable mechanism in place, for immediate response, for directing patients to alternative after-hours care based on the urgency of the patient's need.

Acceptable after-hours access mechanisms may include:

- An answering service that offers to call or page the physician or on-call physician;
- a recorded message that directs the patient to call the answering service and the phone number is provided; or
- a recorded message that directs the patient to call or page the physician or on-call physician and the phone number is provided.

For more detail, [please refer to the provider manuals](#) for **Blue Choice PPOSM Physician, Professional Provider and Facility and Ancillary Provider Manual** (Section B) and **HMO Blue TexasSM / Blue Advantage HMOSM / Blue Premier Physician, Professional Provider, Facility and Ancillary Provider Manual** (Section B) available in the Education & Reference section of our provider website. Click on the "Manual" link (note, a password is required).

BCBS Medicare Advantage PPO Network Sharing

What is Blue Cross and Blue Shield (BCBS) Medicare Advantage (MA) PPOSM network sharing?

All BCBS MA PPO Plans participate in reciprocal network sharing. This network sharing will allow all BCBS MA PPO members to obtain in-network benefits when traveling or living in the service area of any other BCBS MA PPO Plan as long as the member sees a contracted BCBS MA PPO provider.

What does the BCBS MA PPO network sharing mean to me?

If you are a contracted BCBS MA PPO provider with Blue Cross and Blue Shield of Texas (BCBSTX) and you see BCBS MA PPO members from other BCBS Plans, these BCBS MA PPO members will be extended the same contractual access to care and will be reimbursed in accordance with your negotiated rate with your Blue Cross and Blue Shield of Texas contract. These BCBS MA PPO members will receive in-network benefits in accordance with their member contract.

If you are not a contracted BCBS MA PPO provider with BCBSTX and you provide services for any BCBS MA PPO members, you will receive the Medicare allowed amount for covered services. For urgent or emergency care, you will be reimbursed at the member's in-network benefit level. Other services will be reimbursed at the out-of-network benefit level.

How do I recognize an out-of-area BCBS MA PPO member from one of these Plans participating in the BCBS MA PPO network sharing?

You can recognize a BCBS MA PPO member when their Blue Cross Blue Shield Member ID card has the following logo:

The "MA" in the suitcase indicates a member who is covered under the BCBS MA PPO network sharing program. BCBS MA PPO members have been asked not to show their standard Medicare ID card when receiving services; instead, members should provide their Blue Cross and/or Blue Shield member ID card.

Do I have to provide services to BCBS MA PPO members from these other BCBS Plans?

If you are a contracted BCBS MA PPO provider with BCBSTX, you should provide the same access to care for BCBS MA members from other BCBS Plans as you do for BCBSTX MA PPO members. You can expect to receive the same contracted rates for such services.

If you are not a BCBS MA PPO contracted provider, you may see BCBS MA PPO members from other BCBS Plans, but you are not required to do so. Should you decide to provide services to BCBS MA PPO members, you will be reimbursed for covered services at the Medicare allowed amount based on where the services were rendered and under the member's out-of-network benefits. For urgent or emergency care, you will be reimbursed at the in-network benefit level.

What if my practice is closed to new local BCBS MA PPO members?

If your practice is closed to new local BCBS MA PPO members, you do not have to provide care for BCBS MA PPO out-of-area members. The same contractual arrangements apply to these out-of-area network sharing members as your local BCBS MA PPO members.

How do I verify benefits and eligibility?

Call BlueCard® Eligibility at 800-676-BLUE (800-676-2583) and provide the BCBS MA PPO member's alpha prefix located on the member's ID card.

You may also submit electronic eligibility requests for BCBS MA PPO members. Follow these three easy steps:

- Log in to the [Availity Portal](#), the [Availity Revenue Cycle Management Portal](#) or your preferred vendor
- Enter required data elements
- Submit your request

Where do I submit the claim?

You should submit the claim to BCBSTX under your current billing practices. Do not bill Medicare directly for any services rendered to a BCBS MA PPO member.

What will I be paid for providing services to these out-of-area BCBS MA PPO network sharing members?

If you are a BCBS MA PPO contracted provider with BCBSTX, benefits will be based on your contracted BCBS MA PPO rate for providing covered services to BCBS MA PPO members from any BCBS MA PPO Plan. Once you submit the BCBS MA PPO claim, BCBSTX will work with the other Plan to determine benefits and send you the payment.

What will I be paid for providing services to other BCBS MA out-of-area members not participating in the BCBS MA PPO Network Sharing?

When you provide covered services to other BCBS MA PPO out-of-area members not participating in network sharing, benefits will be based on the Medicare allowed amount. Once you submit the BCBS MA PPO claim, BCBSTX will send you the payment. However, these services will be paid under the BCBS MA member's out-of-network benefits unless for urgent or emergency care.

What is the BCBS MA PPO member cost sharing level and co-payments?

A BCBS MA PPO member cost sharing level and co-payment is based on the BCBS MA PPO member's health plan. You may collect the co-payment amounts from the BCBS MA PPO member at the time of service. To determine the cost sharing and/or co-payment amounts, you should call the Eligibility Line at 800-676-BLUE (800-676-2583).

May I balance bill the BCBS MA PPO member the difference in my charge and the allowance?

No, you may not balance bill the BCBS MA PPO member for this difference. Members may be balance billed for any deductibles, co-insurance, and/or co-pays.

What if I disagree with the reimbursement amount I received?

If there is a question concerning the reimbursement amount, contact Blue Cross Medicare Advantage (PPO) Customer Service at 877-774-8592.

Who do I contact if I have a question about BCBS MA PPO network sharing?

If you have any questions regarding the BCBS MA PPO program or products, contact Blue Cross Medicare Advantage (PPO) Customer Service at 877-774-8592.

Medical Record Requests: Include Our Letter as Your Cover Sheet

When you receive a letter from BCBSTX requesting additional information, such as medical records or certificates of medical necessity, please utilize the letter as a cover sheet when sending the requested information to us.

This letter contains a barcode in the upper right corner to help ensure that the information you send is matched directly to the appropriate file and/or claim. Do not submit a Claim Review form in addition to the letter, as this could delay the review process.

Thank you for your cooperation!

Technical and Professional Components

Modifiers 26 and TC: Modifier 26 denotes professional services for lab and radiological services.

Modifier TC denotes technical component for lab and radiological services. These modifiers should be used in conjunction with the appropriate lab and radiological procedures only.

Note: When a physician or professional provider and facility or ancillary provider performs both the technical and professional service for a lab or radiological procedure, he/she must submit the total service, not each service individually.

Surgical Procedures Performed in the Physician's Office

When performing surgical procedures in a non-facility setting, the physician and professional provider reimbursement covers the services, equipment and some of the supplies needed to perform the surgical procedure when a member/subscriber receives these services in the physician's or professional provider's office.

Reimbursement will be allowed for some supplies billed in conjunction with a surgical procedure performed in a physician's or professional provider's office. To help determine how coding combinations on a particular claim may be evaluated during the claim adjudication process, you may continue to utilize Clear Claim Connection™ (C3). C3 is a free, online reference tool that mirrors the logic behind BCBSTX's code-auditing software. Refer to the BCBSTX provider website at bcbstx.com/provider for additional information on gaining access to C3.

Please note the physician's and professional provider's reimbursement includes surgical equipment that may be owned or supplied by an outside surgical equipment or Durable Medical Equipment (DME) vendor. Claims from the surgical equipment or DME vendor will be denied based on the fact that the global physician's or professional provider's reimbursement includes staff and equipment.

AIM RQI Reminder

Physicians, professional providers and facility and ancillary providers must contact AIM Specialty Health® (AIM) first to obtain a Radiology Quality Initiative (RQI) for Blue Choice PPOSM subscribers when ordering or scheduling the following outpatient, non-emergency diagnostic imaging services when performed in a physician's, professional provider's or facility or ancillary provider's office, a professional provider's office, the outpatient department of a hospital or a freestanding imaging center:

- CT/CTA
- MRI/MRA
- SPECT/nuclear cardiology study
- PET scan

To obtain a Blue Choice PPO RQI, log into AIM's provider portal at aimspecialtyhealth.com, and complete the online questionnaire that identifies the reasons for requesting the exam. If criteria are met, you will receive a RQI. If criteria are not met, or if additional information is needed, the case will automatically be transferred for further clinical evaluation and an AIM nurse will follow up with your office.

AIM's **ProviderPortalSM** uses the term "Order" rather than "RQI."

AIM Specialty Health (AIM) is an operating subsidiary of Anthem, Inc.

Notes:

1. *Facilities cannot obtain a RQI from AIM on behalf of the ordering physician, professional provider, facility or ancillary provider.*
2. *The RQI program does not apply to Medicare enrollees with BCBSTX Medicare supplement coverage. Medicare enrollees with BCBSTX PPO coverage are included in the program.*

Quest Diagnostics, Inc., Is the Exclusive HMO and Preferred Statewide PPO Clinical Reference Lab Provider

Quest Diagnostics, Inc., is the **exclusive** outpatient clinical reference laboratory provider for HMO Blue TexasSM members and Blue Advantage HMOSM subscribers,* and the **preferred statewide** outpatient clinical reference laboratory provider for BCBSTX Blue Choice PPOSM subscribers. This arrangement excludes lab services provided during emergency room visits, inpatient admissions and outpatient day surgeries (hospital and free-standing ambulatory surgery centers).

Quest Diagnostics Offers:

- On-line scheduling for Quest Diagnostics' Patient Service Center (PSC) locations. To schedule a patient PSC appointment, log onto [QuestDiagnostics.com/patient](https://www.questdiagnostics.com/patient) or call **888-277-8772**.
- Convenient patient access to more than 195 patient service locations.
- 24/7 access to electronic lab orders, results and other office solutions through *Care360® Labs and Meds*.

For more information about Quest Diagnostics lab testing solutions or to establish an account, contact your Quest Diagnostics Physician Representative or call **866-MY-QUEST** (866-697-8378).

For physicians, professional providers or facility and ancillary providers located in the HMO capitated lab counties, only the lab services/tests indicated on the Reimbursable Lab Services list will be reimbursed on a fee-for-service basis if performed in the physician's, professional provider's or facility or ancillary provider's office for HMO Blue Texas members. Please note all other lab services/tests performed in the physician's, professional provider's or facility or ancillary provider's offices will not be reimbursed. You can access the county listing and the Reimbursable Lab Services list in the [General Reimbursement Information section](#) located under the Standards and Requirements tab.

****Note:** Physicians, professional providers or facility and ancillary providers who are contracted/affiliated with a capitated IPA/medical group and physicians, professional providers or facility or ancillary providers who are not part of a capitated IPA/medical group but who provide services to a member/subscriber whose PCP is a member of a capitated IPA/medical group must contact the applicable IPA/medical group for instructions regarding outpatient laboratory services.*

Improvements to the Medical Records Process for BlueCard® Claims

BCBSTX is now able to send medical records electronically to all Blue Cross and/or Blue Shield Plans. This method significantly reduces the time it takes to transmit supporting documentation for BlueCard claims and eliminates lost or misrouted records.

As always, we request that you submit your medical records to BCBSTX if needed for claims processing.

Requests for medical records from other Blues Plans before rendering services, as part of the preauthorization process, should be submitted directly to the requesting Plan.

Contracted Providers Must File Claims

As a reminder, physicians, facilities, professional providers and ancillary providers must file claims for any covered services rendered to a patient enrolled in a BCBSTX health plan. You may collect the full amounts of any deductible, coinsurance or copayment due and then file the claim with BCBSTX. Arrangements to offer cash discounts to an enrollee in lieu of filing claims with BCBSTX violate the requirements of your provider contract with BCBSTX.

Notwithstanding the foregoing, a provision of the American Recovery and Reinvestment Act changed HIPAA to add a requirement that if a patient self pays for a service in full and directs a provider to not file a claim with the patient's insurer, the provider must comply with that directive and may not file the claim in question. In such an event, you must comply with HIPAA and not file the claim to BCBSTX.

Medical Policy Disclosure

New or revised medical policies, when approved, will be posted on the BCBSTX provider website on the 1st or 15th day of each month. Those medical policies requiring disclosure will become effective 90 days from the posting date. Medical policies that do not require disclosure will become effective 15 days after the posting date. The specific effective date will be noted for each medical policy that is posted.

To view active and pending medical policies go to [bcbstx.com/provider](https://www.bcbstx.com/provider) and click on the Standards & Requirements tab, then click on the Medical Policies offering. After reading and agreeing to the disclaimer, you will then have access to active and pending medical policies.

Draft Medical Policy Review

In an effort to streamline the medical policy review process, you can view draft medical policies on the BCBSTX provider website and provide your feedback online. If there are any draft medical policies to

review, these documents will be made available for your review around the 1st and the 15th of each month with a review period of approximately two weeks.

To [view draft medical policies](#) go to our provider website and click on the Standards & Requirements tab, then click on the Medical Policies offering. After reading and agreeing to the disclaimer, you will then have access to view any draft medical policies, if available.

No Additional Medical Records Needed

Physicians, professional providers or facility or ancillary provider who have received an approved predetermination (which establishes medical necessity of a service) or have obtained a radiology quality initiative (RQI) from AIM Specialty Health need not submit additional medical records to BCBSTX. In the event that additional medical records are needed to process a claim on file, BCBSTX will request additional medical records at that time.

Predetermination does not guarantee payment. All payments are subject to determination of the insured person's eligibility, payment of required deductibles, copayments and coinsurance amounts, eligibility of charges as covered expenses, application of the exclusions and limitations, and other provisions of the policy at the time services are rendered.

Importance of Obtaining a Preauthorization/Referral

A preauthorization/referral is required for certain types of care and services. Although BCBSTX participating physicians, professional providers and facility and ancillary providers are required to obtain preauthorizations/referrals, it is also the responsibility of the member/subscriber to confirm that this action has been taken for services that require a preauthorization/referral.

Preauthorizations/referrals must be obtained for any services provided by someone other than the member's primary care physician (PCP) (i.e., specialist, ambulatory surgery centers, ancillary, etc.). A preauthorization/referral is also needed for an initial stay in a facility and any additional days or services added on.

If a member/subscriber does not obtain a preauthorization/referral for initial facility care or services, or additional days or services added on, the benefit for covered expenses may be reduced.

A preauthorization/referral does not guarantee payment. All payments are subject to determination of the member/subscriber's eligibility, payment of required deductibles, copayments and coinsurance amounts, eligibility of charges as covered expenses, application of the exclusions and limitations and other provisions of the policy at the time services are rendered.

If a preauthorization/referral request is received from an out-of-network (OON) provider and the member/subscriber does not have an OON benefit, BCBSTX will contact the ordering provider to discuss network options. However, if a member/subscriber has an OON benefit, OON benefits will apply, which could result in a higher cost sharing.

Avoidance of Delay in Claims Pending COB Information

BCBSTX receives thousands of claims each month that require unnecessary review for coordination of benefits (COB). What that means to our physicians, professional providers, facility and ancillary providers is a possible delay, or even denial of services, pending receipt of the required information from the member/subscriber.

Here are some tips to help prevent claims processing delays when there is only one insurance carrier:

- CMS-1500, box 11-d – if there is no secondary insurance carrier, mark the “No” box.
- Do not place anything in box 9, a through d – this area is reserved for member information for a secondary insurance payer.

It is critical that no information appears in box 11-d or in box 9 a-d if there is only one insurance payer.

Billing for Non-covered Services

As a reminder, contracted physicians, professional providers, facility and ancillary providers may collect payment from members/subscribers for copayments, co-insurance and deductible amounts. The physician, professional provider, facility or ancillary provider may not charge the member/subscriber more than the patient share shown on their provider claim summary (PCS) or electronic remittance advice (ERA).

In the event that BCBSTX determines that a proposed service is not a covered service, the physician, professional provider, facility or ancillary provider must inform the member/subscriber in writing in advance. This will allow the physician, professional, facility or ancillary provider to bill the member/subscriber for the non-covered service rendered.

In no event shall a contracted physician, professional provider, facility or ancillary provider collect payment from the subscriber for identified hospital acquired conditions and/or serious reportable events.

Dispensing QVT (Quantity Versus Time) Limits

To help minimize health risks and to improve the quality of pharmaceutical care, dispensing QVT limits have been placed on select prescription medications. The limits are based upon the U.S. Federal Drug Administration and medical guidelines as well as the drug manufacturer's package insert.

Access the [2015 Standard Drug List Dispensing Limits](#) and [2015 Generics Plus Drug List Dispensing Limits](#) documents online.

Prescription Drug Lists

Throughout the year, the BCBSTX Clinical Pharmacy department frequently reviews the prescription drug lists. Tier placement decisions for each drug on the list follow a precise process, with several committees reviewing efficacy, safety and cost of each drug.

For the 2015 drug updates, visit [Pharmacy Program/Prescription Drug List and Prescribing Guidelines](#) on the BCBSTX provider website.

Are Utilization Management Decisions Financially Influenced?

BCBSTX is dedicated to serving our customers through the provision of health care coverage and related benefit services. BCBSTX prohibits decisions based on financial incentives – utilization management decisions are based on appropriateness of care and service and existence of coverage.

BCBSTX does not specifically reward practitioners or clinicians for issuing denials of coverage, nor is there compensation based on the number or frequency of telephone calls or other contacts that occur with health care providers, members or subscribers. Financial incentives for utilization management decision makers do not encourage decisions that result in underutilization.

Contact Us
