Subject: About next year's health plan options

Dear Member,

When we send your employer its 2016 renewal options, the health care plan you currently have will no longer be available. We'll be providing new options for them to choose from.

You don't need to do anything right now, but if your employer renews, you may have to choose a new plan.

Our next step:

- Send other health coverage options to your employer when it's time for your employer to renew

Our goal is to serve your health insurance needs through all of life's changes. If you have any questions, please call the customer service number listed on the back of your Blue Cross and Blue Shield of Illinois ID card.

Sincerely,

Your Customer Advocates
Blue Cross and Blue Shield of Illinois
