

June 2016

Subject: About this year's health plan options

Dear Member,

When we send your employer their 2016 renewal information, the health care plan you currently have will be discontinued. We'll be providing new options for them to choose from.

You don't need to do anything right now, but when your employer renews its plan, you will have to choose a new one.

Our next step:

- Send other health coverage options to your employer when it's time to renew

Our goal is to serve your health insurance needs through all of life's changes. If you have any questions, please call the customer service number listed on the back of your Blue Cross and Blue Shield of Texas ID card.

Sincerely,

Your Customer Advocates
Blue Cross and Blue Shield of Texas
